## UPDATE ON LEASING PART OF THE CLUBROOMS

*From Paul Spain, Chair of the Finance Committee*

"The club is making very good progress in letting part of our club rooms. Our club will be getting a tenant who is compatible with the bridge club's activities. This is the critical part of the arrangement. We will also be getting a good income stream to support the club's long term financial viability. The club in return will provide appropriate spaces for the incoming business and car parks when not needed for bridge members. We are waiting on permission from the DCC, the finer points of the negotiations and our lawyer to prepare the documents. All being well, November 1st is our target starting date, but preparing the room for lease and rearranging how we do things will start sooner."

*Paul*

David Green sent through a charming photo from 50 years ago (1971) when Dr Henry Levy, who was to become one of the all-time stars of the Otago Bridge Club, received his first prize at the Club (a propelling pencil) from former first lady president (1965), social convenor and life member (1975), professional florist, Esther Burrowes, a lady of enormous standing in the Club.

Henry, who now lives in Tauranga with his wife, Janet, will be 82 this week, and we all wish him a very happy birthday with very fond memories of his time at the Otago Bridge Club.

### SATURDAY NIGHT BRIDGE

SEPTEMBER 4 – The menu will be chicken, chips and salad, followed by dessert.

**ALERTS** - provided by Lindsay Gunn

As a general rule you alert a bid which does not mean what it says, or may have two meanings eg the unusual 2NT showing both minors. Doubles and cue bids have so many meanings that they are regarded as *self-alerting*. It is up to the opponent to ask. THIs also applies to bids at the 4-level or higher *except* for conventional bids on the *first* round. A cue bid is either a bid in the denomination showed by the opponent *or* a bid in a suit shown although not named by the opponent eg if opponent plays a system where an opening 1D shows spades, 1S and 2D are both cue bids!

However it is assumed that 2C Stayman over an opening 1NT, an opening 2C game force or 23+HCP and the responding 2D negative bid are so common that although they do not mean what they say they are **not** alerted. If 2D is a relay rather than a negative bid it must be alerted.

If you play that 2C over an opening 1NT is natural you must alert it! And if there is an intervening double, you must alert 2C whether it is Stayman *or* natural. A 'Stayman' 3C over a NT bid must also be alerted.

MEETING  
of  
THE OTAGO BRIDGE CLUB  
will be held on  
MONDAY SEPTEMBER 20  
at 6.30 pm

OTAGO BRIDGE CLUBROOMS**

If you play 2D as your game force bid, and 2C as something like 19 or 20 – 22, you must alert the 2C *and* the 2D response whatever it means.

If your bid shows the suit named it usually does not need to be alerted – eg 2S need not be alerted whether it is a weak 2 bid , a strong bid or an 8-

playing trick bid in spades. However if you are playing tartan 2-bids, 2S would show spades and another suit and must of course be alerted.

There are other natural bids that *do* need to be alerted such as pre-emptive jumps or non-forcing bids in a new suit after an opponent's take-out double – except by a passed hand.(we often forget to alert the preemptive jumps); or, after an opponent's overcall, a bid in a new suit that is non-forcing (except by a passed hand) or a NT bid which does **not** promise a stopper.

If your bidding system includes some bids which are unexpected – doubles that are neither for penalty nor for takeout, high-level transfer pre-empts, - these should be pre-alerted as opponents will not be aware of the need to ask. And usual carding (such as leading low from doubletons) should also be pre-alerted.

### Covid Advisory Update from Chair of NZBridge

We all know that we cannot resume Club sessions until we are at Alert Level 2. For events with more than 100 participants we need to be at Alert Level 1, this certainly the case for our National Congress scheduled for late September. The big question is when do we think that might happen? Earlier this week the Government announced an extension of the Level 4 lockdown until Friday 27th at 11.59pm. Auckland however will remain at Level 4 until Tuesday 31st at 11.59pm. The Government will make a further announcement this coming Friday and Monday on any changes to Alert Levels. This means Clubs will remain closed and any scheduled tournament will be cancelled until such time as we receive clearance. We have received a number of enquiries about Congress which is scheduled to start on Saturday the 25th of September. We understand the desire for some certainty, with travel and accommodation in the air. We could adopt a pessimistic position and say the likelihood is remote or be more optimistic and pray that we will be a Level 1, and the event proceeds. We have decided to reassess the position this time next week, at which point we will issue a further advisory. Whatever happens the latest date we can go to before making a final decision is 13th September. Many players have already entered Congress. Some have

paid and others are waiting until the end of the month to pay. To help we have extended the discount period until the 14th of September. So, if you haven't paid, please hold off. You will still get the discount if we press the green light. If you haven't entered there is still time to enter. We ask that you defer paying the entry fee until we give a green light and ask for payment. You will still get the discount. It will be

most disappointing if we have to cancel Congress for the second year running but we must adopt a safe position to protect players and staff. Fingers crossed. Stay safe, stay well and care for family and friends. Cheers *Allan*

### BRIDGE BASE ONLINE

*Contributed by Lydia Turley ....* During the lockdown, the Auckland bridge club is running online "Kiwi pairs" events which are open to all New Zealand bridge players. These events are held on BBO and occur daily at 1pm and 7pm (a rest day may be established in future). There are also similar events targeted at less experienced players. As far as I can tell, these are on Mondays at 7:30.

If you are new to online bridge, they have links to instructions on how to join BBO and how to register for a tournament here:  
<https://www.akbc.co.nz/tournament.html>

The kiwi pairs events are popular, places are limited and often fill up fast so I recommend registering early - up to two hours before the event. You'll need a partner. Give it a go and have **fun**
